

High Performance Team Bonding

High performing teams are highly engaged and productive when individuals?

- Are composed under pressure
- Work together helping each other through challenging times
- Reflect and refine their processes to gain an edge on their rivals
- Share a vision and expectations
- Produce consistently high performances

Sadly, this combination of hugely powerful behaviours is very rare. The good news however is that you and your team can develop them, with our specialist support, in beautiful locations in Northern England.

Isn't it fantastic to see teams in the workplace when they are at their best? There are so many benefits for organisations:

- More engaged staff
- Happier employees
- Increased productivity
- The list goes on.....

The results could really help your business, in terms of getting the most out of you and your staff. We help you make this happen by helping you and your team(s) take a step back from the day to day treadmill, reflecting on their individual and collective strengths in a different environment.

High Performance Team Bonding

We offer bespoke High Performance Team Bonding Half Days, Days or longer residential stays with two types of service.

Standard

This is your typical team bonding day in the outdoors, hiking, kayaking, biking, climbing, abseiling or the like tailored to meet your needs, providing an opportunity to break down barriers, strengthen communication and social networks, talk through problems or simply laugh and have fun together.

Deluxe

Is everything that the Standard High Performing Team Bonding options are and much more. These days are more carefully and strategically planned adding elements from our High Performance MOTs into the mix to give you greater value for money.

Prior to the action packed day(s) we utilise insightful tools that we have access to in i3 Dynamix, Mental Toughness reporting, as well as adapted Team Cohesion and Well-being questionnaires specifically designed to meet the needs of your team.

On the day we creatively incorporate appropriate exercises and look to challenge certain behaviours in different ways, taken from the results of the questionnaires. We can also add onto this service, during or after the High Performance Team Bonding sessions, 1-2-1 feedback sessions and thought provoking group workshops in the warmth of a nice pub or in a more formal setting.

Follow up support for individuals or the team to ensure relevant actions have been accomplished, therefore making individuals accountable can also be arranged.

We partner with the following training providers to support these days giving you a diverse and challenging range of activities to support our packages.
